

AARON POWER ACQUIRES ENERGY STORAGE COMPANY

What is the merged platform of sPower and AES? The merged platform of sPower and AES will combine differentiated capabilities in solar, wind, and energy storage. The AES Corporation and Alberta Investment Management Corporation (AIMCo) have agreed to merge their sPower business with AES' clean energy business in the US.

Who is merging with AES' clean energy business? The AES Corporation and Alberta Investment Management Corporation (AIMCo) have agreed to merge their sPower business with AES' clean energy business in the US.

What happened to sPower & AES? The transaction was closed by sPower, an Independent Power Producer (IPP), in late December 2020. In early January 2021, sPower merged to become part of AES' clean energy business in the United States.

Did AES & sPower merge at the behest of Google? Editor's Note: The headline of this story has been updated to clarify that the merger between AES and sPower did not occur at the behest of Google. The AES Corporation, a Virginia-based generation and power distribution company, announced on Tuesday that it will merge with Utah-based wind and solar developer sPower.

What is Eolian's acquisition of Able Grid Energy Solutions? NEW YORK, Dec. 23, 2021 /PRNewswire/-- Eolian, a portfolio company of Global Infrastructure Partners (GIP), today announced the acquisition of all remaining outstanding interests in joint venture development portfolios of energy storage projects managed by Able Grid Energy Solutions.
