Today, AlsoEnergy has a large global footprint with deployments on six continents.

How many energy officers are there in Nigeria? When she started four years ago, the company had 19 stores in the country, now it has 90. More than 8,000 salespeople or energy officers in Nigeria sell the products, install them in homes, service them and collect customer debts. Most of the time we find that energy officers start off as customers, she said.
