Find step-by-step Economics solutions and your answer to the following textbook question: PRM Energy Systems owned patents licensed to Primenergy to use in the United States. Their contract stated that "all disputes" would be settled by arbitration. Kobe Steel of Japan was interested in using the technology represented by PRM's patents.

* PRM Energy Systems' Motion For Leave To File Counterclaim And Join Affiliated Corporations (document #7 in case number 05-6061), and from said motions, the supporting documentation, the responses thereto, and the various pleadings filed in these consolidated cases, the Court finds and orders as follows:

This is clearly not the situation discussed in *Ross v. American Express Co.*, 547 F.3d 137, 148 (2d Cir. 2008), one of the principal cases relied upon by the court. Nor does PRM allege the sort of interdependent and concerted misconduct discussed in *Donaldson* sufficient to place the claims within the scope of the arbitration clause. *Donaldson Co., Inc. v. Burroughs* ???
