Belize currently imports 100% of its fossil fuel use (Launchpad Consulting, 2003). Under the San Jose Pact, which Belize signed onto in 1988, Mexico and Venezuela signed a treaty obligating them to offer a concessionary credit from 20-25% of the purchase price of their oil exports. In 1991, both countries increased the oil supply offered under this agreement (Belize ??? Mining and ???)

Solar energy in Belize is currently limited to off-grid use. In Belize, off-grid solar systems are particularly relevant for tourist destinations, such as the cayes and eco-tourism lodges in the rainforest, which are not connected to the national grid. These remote locations rely on alternative energy sources, including solar power, to
