

BEIJING SINOHY ENERGY CO LTD BOLIVIA

Who is Beijing sinohy energy? Beijing SinoHy Energy Co.,Ltd. was founded in 2007 and is a national high-tech enterprise focusing on R&D and production of water electrolysis hydrogen production and storage equipment. With more than ten year's development, Beijing SinoHy Energy is now an industry-leading hydrogen energy solution supplying company.

What are the alternatives to Beijing sinohy energy? Alternatives and possible competitors to Beijing SinoHy Energy may include Siji Muge Technology Group ,SinoHyKey Technology Company ,and Touch Energy Technologies. Beijing CEI Technology Co.,Ltd. specializes in hydrogen/oxygen generators through water electrolysis and hydrogen energy solutions.

What is the project name of Ordos Beijiao thermal power plant? Project name: 4x300MW direct air-cooled heating unit of Ordos Beijiao Thermal Power Co.,Ltd. of Mengtai Group Project location: Ordos City, Inner Mongolia Autonomous Region Storage capacity: The planned capacity of the power plant is 4x330MW direct air-cooled heating unit project Running time: 2014

Beijing, China and Madrid, Spain ??? June 27, 2024 ??? Hygreen Energy ("Hygreen" or "the Company"), a global electrolyzer supplier for green hydrogen production, is pleased to announce the completion of its amalgamation of Beijing SinoHy Energy Co., Ltd. ("SinoHy"). The transition will reposition the Company to become a major player

SinoHy Energy was founded in 2007. Where is SinoHy Energy headquartered? SinoHy Energy is headquartered in Beijing, China. What is the size of SinoHy Energy? SinoHy Energy has 50 total employees. What industry is SinoHy Energy in? SinoHy Energy's primary industry is Alternative Energy Equipment. Is SinoHy Energy a private or public company
