Bosa looking forward to creating more cooperation opportunities with you and embarking on a new journey. Address? 1/4 ?Duodao Hi-tech District,Jingmen,China/Lang xu industrial Park,Luolong District,Luoyang,China

BOSA ENERGY CO LTD LIBERIA

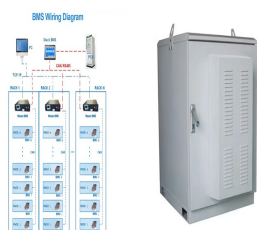

BOSA ENERGY CO., LTD. Jin Quan factory is approved to be provincial "Post-doctor innovation practice Base" On00 Dec 19, 2017, indicating our R& D, technical process development, theory & practice are well recognized by the government and academia.

Bosa Energy Co.,Ltd | 188 Follower:innen auf LinkedIn. Aims to be a first-class provider of "intelligent connecting energy"solutions. | Established in 2001 and listed in Shenzhen GEM in 2009, Bosa Energy has owned core business including lithium primary battery, lithium-ion battery, power system, others and its products cover smart grid, intelligent transportation, smart ???

Bosa Energy. Bosa Energy with 150GWH capacity and over 400,000 electric bus/utility vehicle application experience we are listing first 5 in China power battery industry, actaually in 2023 we are the number 3 on li-ion cell delivery in China Market. ???

BOSA New Energy Technology Co.,Ltd. has been deeply engaged in the field of new energy,adhering to the attitude of Learning from nature,contributing to nature,doing its own research and development work,and devoting itself to the application and promotion of new energy. The products participating in the E-TECH exhibition this time include

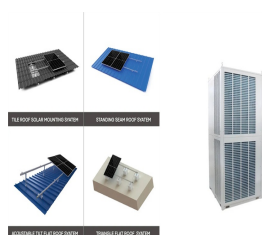

About BOSA Energy Co Ltd.: BOSA supports major battery cell manufacturer in China to expand their customer and market base abroad. We understand the requirements of customers active in different markets such logistics and material handling, home and grid storage systems as well as automotive battery applications.

BOSA ENERGY CO LTD LIBERIA

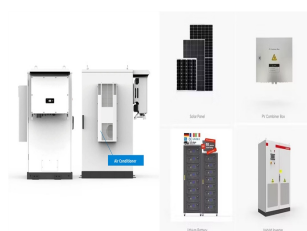

Product Description. Our battery modules can be used for nearly every application as battery solution, high voltage solutions in particular. Their modular layout enables you to assemble a battery pack in mere hours. Place modules in series to reach the voltage your applications require and place modules in parallel to match the current your application needs.

BOSA modules are designed universal to all BMS on the market, not limited to BMS types. BOSA ENERGY modules are widely applied on electric bus/truck/utility vehicles, light vehicle, Golf car, forklifts and energy storage systems, including industrial and commercial ESS applications. With 5Gwh delivery in 2023 to over 30 countries, BOSA modules

Our company are to the quality-oriented, service first, and make great efforts to become the most professional energy manufacturer. Bosa Energy possesses a professional R& D force, with more than 1000 technicians, including 20 doctors and 500 postgraduates. Bosa Energy has been awarded with more than 700 national patents and 19 invention patents.

BOSA ENERGY CO., LTD. Product specification
Picture Merits: Assembling with LFP for high safety
Compact design & high energy density
High cycle stability (> 4000 at 80%DOD)
IP 67 protection level
Automotive level BMS equipped
Battery with 500K miles operation experience on commercial vehicles
Project introduction
The battery pack is customized for a farm feeder ???
