From August 29th to 31st, 2023, Beny New Energy, a globally leading provider of intelligent energy solutions, showcased its innovative photovoltaic and energy storage solutions at booth G4.120

At the exhibition site, Haitai Solar showcased photovoltaic modules, energy storage products, and system solutions. Compared with conventional PV module, the Haitai Solar N-type double glass module has a lower average operating temperature coefficient, which can provide higher additional power output, and has a low power attenuation rate

The C& I energy storage and residential energy storage products showcased this time are also a highlight of the exhibition. The products use high-quality lithium iron phosphate (LFP) batteries, equipped with high-efficiency liquid cooling technology, and the temperature difference of the battery cells is less than 3 ???.
