

BULGARIA WINS BID FOR ENERGY STORAGE POWER STATION

How many project proposals were submitted in Bulgaria's energy storage procurement procedure? A total of 151 project proposals were submitted in Bulgaria's standalone energy storage procurement procedure named RESTORE, which is seeking to support the construction and commissioning of renewable energy storage facilities with a cumulative minimum usable capacity of 3 GWh.

Is there a solar PV project in Bulgaria? Karad, an existing solar PV project in Bulgaria. Image: RP Global. Bulgaria's Ministry of Energy has launched two tenders to add 1,425MW of renewable power generation to the grid and 350MW of battery energy storage system (BESS) projects.

Which energy storage technologies are available in Bulgaria? Bulgaria's energy storage tender is open to all technologies, but most projects are likely to have proposed lithium-ion battery energy storage systems (BESS) and Malinov mentioned battery projects in his comment.

How much money will be invested in Bulgaria's electricity system? Energy minister Vladimir Malinov said the investments, worth up to BGN1,153,939,700 (US\$657.4 million) will guarantee the security and stability of the Bulgarian electricity system. Tender bids must be submitted electronically, with more information available on this portal.

Will battery projects improve energy security in Bulgaria? The successful implementation of battery projects will significantly contribute to the security of the energy system in Bulgaria and the region. The scheme was opened by the Ministry in May, and approved by the EU last month.

BULGARIA WINS BID FOR ENERGY STORAGE POWER STATION

How much is the energy investment in Bulgaria worth? The ministry released a statement a day prior to the application window's opening. Energy minister Vladimir Malinov said the investments, worth up to BGN1,153,939,700 (US\$657.4 million) "will guarantee the security and stability of the Bulgarian electricity system."

Following a three-month delay, the Ministry of Energy of Bulgaria combined five planned procedures for grants for energy storage facilities into three and launched calls for two of them. The aim is to support the buildout of

Bulgaria earmarked EUR 589 million for the endeavor, funded under the European Union's Recovery and Resilience Facility. The Ministry of Energy in Sofia plans to launch a tender on September 2 for standalone

The ministry released a statement a day prior to the application window's opening. Energy minister Vladimir Malinov said the investments, worth up to BGN1,153,939,700 (US\$657.4 million) "will guarantee the security and

The Bulgaria's Ministry of Energy began accepting applications yesterday (21 August) in tenders for 3,000MWh of energy storage capacity. Called the National infrastructure for the storage of electricity from renewable
