How do foreign companies acquire land? Many foreign companies investing abroad may actually prefer to acquire land in the form of lease contracts. A recent example of this is the announcement by George Soros-backed Adecoagro to acquire land for its Brazilian agribusiness/sugar investment by entering into a long term lease contract.

Should you build a factory or warehouse on a 2 acre plot? It is more cost-effective for you to build a factory or warehouse on a plot that is at least 2 acres in size because the same set back requirements apply, meaning you now have at least 1.5 acres of build-up.

Should a foreign company buy land in a lease contract? However, this assumption is at times contradicted by the facts. Many foreign companies investing abroad may actually prefer to acquire land in the form of lease contracts.

Should you invest in industrial land? When you invest in a plot of industrial land, you can rest assured that you won't lose money on your investment as there is always demand for land. The scarcity of industrial land is only worsening from year to year as there are certain zoning limitations for industrial activity.

Should a company invest in land abroad? A second important consideration for companies acquiring land abroad as part of their investment project is the size of their investment. As one would expect, the larger the size of the investment, the more security investors will seek in their acquisition of land.

Should you build an industrial area near a residential zone? For example, you can't just have an industrial area located too close to a residential zone. In fact, a bare plot of industrial land has a higher appreciation potential when compared to a factory as it allows the new owner more flexibility of usage especially since they don't have to tear anything down before building.

Foreign buyers can acquire land or buildings for commercial redevelopment. For non-personal use, the property must be registered under a local company and meet conditions. Foreign buyers can purchase industrial land without price
