

CUBA SONNENSCHN BATTERY

What is a Sonnenschein battery? Sonnenschein batteries are compact and versatile, ideal for use in a range of deep cycle applications including solar, golf carts, mobility and marine use. They offer optimal performance with their high cyclic endurance and are maintenance free so you never need to top them up.

What is a Sonnenschein dryfit battery? Sonnenschein dryfit batteries are compact and versatile, ideal for use in a range of deep cycle applications including solar, golf carts, mobility and marine use. They offer optimal performance with their high cyclic endurance and are maintenance free so you never need to top them up.

Are Sonnenschein batteries good for deep cyclic applications? website builders Known for their dryfit batteries and fantastic performance, Sonnenschein batteries are ideal for many deep cyclic applications. Contact us today to discuss your battery requirements or take a look at our full range of Sonnenschein batteries below.

Are Sonnenschein marine batteries good quality? These German made Sonnenschein gel marine batteries are the highest quality you can purchase. Sonnenschein Marine Batteries Sonnenschein Batteries (part of Exide Technologies GmbH) are a well respected German manufacturer of sealed gel batteries. They are targeted at mobility, telecom and other heavy duty industrial applications.

What is a Sonnenschein A400 battery? The Sonnenschein A400 range has been specially designed for long life stationary energy storage, with proven reliability in a multitude of installations worldwide. The A400 batteries have superior dryfit(R) technology and are available in a wide range of models, providing a solution for every power need. What is GEL technology?

CUBA SONNENSCHN BATTERY

Who is Sonnenschein? Sonnenschein is a global brand renowned for its technical know-how in the field of industrial gel batteries for traction applications.

Buy the GF06240V Sonnenschein Gel battery - The GF-V range of blocks are suitable for hard industrial use, designed for extreme operating conditions.
