The free and open-source Energy Policy Simulator allows you to build scenarios to transform the energy system. See impacts on greenhouse gas emissions, financial costs and savings, electricity generation, new vehicle and industrial technologies, and more.

EM ONE ENERGY SOLUTIONS SOUTH KOREA

EM-ONE supports donors and governments across West Africa in planning and delivering healthcare electrification programmes. Since early 2015, we have worked at the nexus of energy and health - designing, managing, and building solar microgrid solutions that provide reliable, affordable, and modern power at scale to power health facilities.

The solar microgrid has a PV capacity of 31.68 kWp and an energy storage capacity of 42 kWh. The system will generate 52 MWh of energy annually, resulting in 56 tonnes of reduced CO2 emissions per year. EM-ONE's Abuja office is situated in an urban and picturesque part of the capital city ??? Asokoro.
