

FIJI DONGGUAN LITHIUM VALLEY ENERGY CO LTD

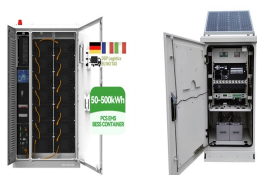

Who is Dongguan lithium Valley Energy Co? Dongguan Lithium Valley Energy Co,Ltd was established as a group company to coordinate and manage its subsidiary factories. Venture into the energy storage business and also set up a new research and development center in Nanjing. A marketing center was established in Wuhan to expand our market presence.

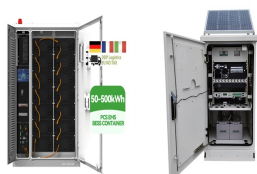

What is lithium Valley? Lithium Valley, where bold ideas and passion converge to create a new generation of energy storage that empowers and energizes. Energy storage is indispensable for grid integration of renewables and decarbonisation, and for energy security as well. We always need your help to expand and grow our business.

Who is lithium Valley technology co? Shenzhen Lithium Valley Technology Co., Ltd. was established with a focus on AGV and solar battery. Dongguan Lithium Valley Energy Co, Ltd was established as a group company to coordinate and manage its subsidiary factories. Venture into the energy storage business and also set up a new research and development center in Nanjing.

Can lithium Valley reshape Rural Energy Solutions? From mitigating solar intermittency to powering peak demand, Lithium Valley's reliable system is a game-changer for the farm's green energy independence. This project isn't just about technology; it's about reshaping rural energy solutions.

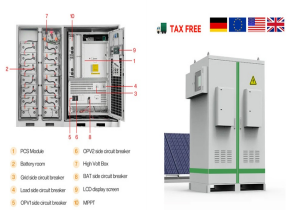

Lithium Valley | 2,041 followers on LinkedIn. Professional Energy Storage System Manufacture. Lithium Valley, Making the world a green valley! | Dongguan Lithium Valley Energy Co., Ltd., a subsidiary of Zongshen Power (001696.SZ), was established in 2013. We focus on residential energy storage and commercial energy storage applications. With the vision of "Making the world a green valley"

Lithium Valley offers flexible energy storage solutions from 60 kWh to 2 MWh, ideal for industrial and small commercial needs. RV System The Intelligent RV Control System integrates display, control, and protection for modified vehicles like RVs and special vehicles.

Lithium Valley provides reliable lithium battery systems for residential solar homes, offering enhanced safety and easy installation. Industrial & Commercial Energy Storage System Lithium Valley offers flexible energy storage solutions from 60 kWh to 2 MWh, ideal for industrial and small commercial needs.

Dongguan Lithium Valley Energy Co, Ltd, a subsidiary of Zongshen Power (001696.SZ), was founded in 2013. With the vision of "Making the world a green valley", Lithium Valley specializes in providing customized energy storage products and comprehensive one-stop energy storage solutions for residential and commercial applications.
