When companies advertise "free solar panels" or "no-cost solar programs," they're often referring to solar leases or solar PPAs. Under these solar financing arrangements, a solar company will put a solar panel system on your roof at no up-front cost for installation, enrollment, or maintenance. This sounds great. You get to power your home with clean energy a?|

The Titan Solar Generator is a large solar generator that can be charged in around 4 hours via solar power, AC outlet, DC outlet, or a 24V battery expansion. This gives it many different options for charging, and you can also charge it via multiple different inputs simultaneously, speeding up the charging process.
