What is Deye Bos-G high-voltage battery? Deye BOS-G high-voltage battery is an advanced energy storage solution designed for efficiency and longevity. With a warranty period of ten years, this battery offers a power range from 15 kWh to 60 kWh, making it suitable for various applications. It features a CAN 2.0/R548 communication port for seamless integration into existing systems.

2 ? Deye High Voltage Battery BOS-G. High voltage solar batteries, operating above 48V (some exceeding 400V), offer advantages like higher power output, suitability for larger loads, and thinner wiring, resulting in reduced energy loss. However, they come with a higher upfront cost, more complex installation, and require additional safety precautions.
