

GLOBAL HOME ENERGY STORAGE RANKING

MUNICH, June 25, 2024 /PRNewswire/ -- EVE Energy, a leading global lithium-ion battery company, has sprinted to second place in the 1Q24 Energy-storage cell shipment ranking recently released by

Telsa has overtaken Sungrow as lead producer in the battery energy storage system (BESS) integrator market with a 15% market share in 2023, according to Wood Mackenzie's "Global battery energy storage system integrator ranking 2024" report.

The global energy storage market almost tripled in 2023, the largest year-on-year gain on record. Growth is set against the backdrop of the lowest-ever prices, especially in China where turnkey energy storage system costs in February were 43% lower than a year ago at a record low of \$115 per kilowatt-hour for two-hour energy storage systems.

Global energy storage systems market size 2021-2031; Ranking of energy storage policies in the largest electricity companies worldwide in 2023 [Graph], Energy Monitor, August 15, 2023

Global energy storage's record additions in 2023 will be followed by a 27% compound annual growth rate to 2030, with annual additions reaching 110GW/372GWh, or 2.6 times expected 2023 gigawatt installations. Targets and subsidies are translating into project development and power market reforms that favor energy storage. Our increase in
