

GREECE GALAXY ENERGY LITHIUM BATTERY

How much money does sunlight get for a lithium-ion battery project?
Image: SUNLIGHT. A ???105 million (US\$127.6 million) push to develop low-cost,environmentally-friendly lithium-ion battery technology by Sunlight,a designer and manufacturer of batteries headquartered in Greece,will receive ???49.9 millionin grant funding.

What will sunlight's lithium battery technology be used for? A company spokesperson told Energy-Storage.news today that Sunlight wants the lithium battery technologies it develops to play a key role in areas including automated guided vehicles, electric buses and shipping, as well as in ???smart storage systems for renewable energy sources???

What's new at Sunlight's Xanthi battery plant? Specialist battery company Sunlight,a member of Olympia Group,will significantly increase manufacturing capacity and create new jobsat its state-of-the-art plant in Xanthi,northern Greece,following a ???25 million,10-year loan from the European Investment Bank (EIB) which was confirmed earlier in Athens today.

Who makes sunlight batteries? Sunlightis currently the third largest manufacturer of batteries in the global motive power battery industry,with about ???1 billion of consolidated annual sales and a workforce of approximately 3,100 people.

How much money will a battery company invest in 2023? Of its EUR-560-million business plan, the company will invest EUR 450 million to boost its sales network and production capacity up to 6.3 million battery cells by the end of 2023. This effort includes investment in equipment and mergers and acquisitions.

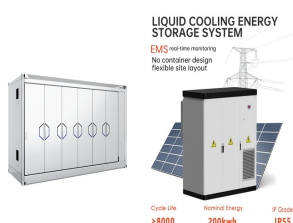

GREECE GALAXY ENERGY LITHIUM BATTERY

Greek battery maker Sunlight Group, part of Olympia Group, last week reported a 54% rise in 2021 turnover and said it is pushing with its EUR-560-million (USD 581.5m) five-year investment plan.
