Oskomera Solar Power Solutions, the largest Dutch supplier of solar energy products, is currently installing the largest flat-roof solar photovoltaic system in the Netherlands for an international high-tech company's Dutch subsidiary. A total of 6120 solar panels will deliver 1.6 megawatts of power to the company.

RES has started 2015 by celebrating the completion of its first solar farm in the UK. Four Burrows Solar Farm near Truro, Cornwall, became fully operational on Monday 12 January following a six month construction period with EPC contractor Oskomera, culminating in the successful commissioning of the project.

Burgess Hill-based Oskomera Solar Power Solutions UK Ltd has completed a series of ground-mounted solar parks across Devon. The three solar parks total 3.5MW of solar capacity that will significantly help cut the county's carbon footprint. The first of the completed solar parks is located in Cullompton.
