GUATEMALA SOLAR PANEL FINANCE SCHEME

The London Borough of Hackney has unveiled a new solar scheme which could save council tenants money on their energy bills. From January 2025, 28 blocks across three Hackney Council housing estates will have a total of 4,000 solar panels installed, giving 800 households the opportunity to benefit from cleaner and greener energy.

The scheme was closed due to the dropping cost of domestic solar panels, making them more affordable, and the government's incentive to work on more commercial and large-scale solar projects. Despite its closure, the legacy of the Feed-in Tariff continues to drive the adoption of renewable energy systems across the country.
