

# HOW MANY HOURS OF OVERTIME PER WEEK ARE REQUIRED FOR ENERGY STORAGE

---

How many hours a day can an employee work without overtime? 3)  
Compressed working week: An agreement in writing may require or permit an employee to work up to 12 hours in a day, without receiving overtime pay. No such agreement may require or permit an employee to work- c) on more than five days in any week.

How many hours is overtime? The Fair Labor Standards Act (FLSA) defines overtime as any number of hours a nonexempt employee works over 40 hours in a standard workweek that consists of seven consecutive days. For example, if an employee works 42 hours between Sunday and Saturday of the same week, they've worked two hours of overtime.

Does working 40 hours in a day count as overtime? The Fair Labor Standards Act (FLSA) states that any work over 40 hours in a 168 hour period is counted as overtime. This means that working 40 hours in a day does not count as overtime, as it is within the standard 40-hour work week.

Do you have to pay overtime if you work 8 hours a day? An employer may also consider any hours an employee works over eight hours in a day to be overtime, even if the employee doesn't work over 40 hours for the week. In this instance, an employer may choose to pay overtime pay, although they may not have to. This also depends on the state's overtime laws.

How many hours can you work a day? A typical workday should last no more than eight hours. Any work completed after this time limit must be compensated at 1.5 times the employee's regular working wage. Overtime on a given day is also limited to 3 hours under the law. The total number of overtime hours per month is also limited by law to 36 hours per month.
