

# HUANGNENG NEW ENERGY STORAGE BASE

## Commercial and Industrial ESS

Air Cooling / Liquid Cooling

- Budget-Friendly Solution
- Renewable Energy Integration
- Modular Design for Flexible Expansion

What is Huaneng battery energy storage system? The station is installed with the 1,500V-level decentralized-controlled battery energy storage technology developed by China Huaneng, which can provide independent and refined management of each battery cluster through modularized energy storage conversion and improve the actual availability of the batteries.

## Commercial and Industrial ESS

Air Cooling / Liquid Cooling

- Budget-Friendly Solution
- Renewable Energy Integration
- Modular Design for Flexible Expansion

What is Huaneng Longdong multi-energy complementary energy base? The smart and green Huaneng Longdong multi-energy complementary energy base has a total installed capacity of more than 10 million kW, more than 80 percent of which is clean energy. All projects at the base are scheduled to be put into operation within China's 14th Five-Year Plan (2021-25) period.

## Commercial and Industrial ESS

Air Cooling / Liquid Cooling

- Budget-Friendly Solution
- Renewable Energy Integration
- Modular Design for Flexible Expansion

What is Huaneng Longdong energy base? It was the first project to begin service at the Huaneng Longdong Energy Base, the country's first 10-million-kW multi-energy complementary comprehensive energy base. The project is also one of the first national large-scale wind-solar power base projects located in the desert and Gobi areas.

## Commercial and Industrial ESS

Air Cooling / Liquid Cooling

- Budget-Friendly Solution
- Renewable Energy Integration
- Modular Design for Flexible Expansion

How many kilowatts is Huaneng generating? The company recently initiated and resumed construction of new energy projects with a combined capacity of nearly 34 million kilowatts, it said. Huaneng's accumulated installed capacity of new energy projects exceeded 72 million kilowatts last year and new energy generation surpassed 100 billion kilowatt-hours for the first time.

## Commercial and Industrial ESS

Air Cooling / Liquid Cooling

- Budget-Friendly Solution
- Renewable Energy Integration
- Modular Design for Flexible Expansion

Who is China Huaneng? The 100-megawatt to 200-megawatt-hour independent energy storage station developed by China Huaneng Group Co., Ltd. (China Huaneng) was connected to the power grid on Dec 29, 2021, beginning operation of the world's first 100-MW decentralized-controlled energy storage station.

- Budget-Friendly Solution
- Renewable Energy Integration
- Modular Design for Flexible Expansion

What is the largest solar and energy storage project in Xizang? A mega photovoltaic and energy storage project, located in Southwest China's Xizang autonomous region, commenced construction on Monday. With an installed capacity of 250,000 kilowatts, the project features a 50 megawatts/200 megawatt-hours energy storage system, making it the largest solar and energy storage project in Xizang to date.

## Commercial and Industrial ESS

- Budget-Friendly Solution
- Renewable Energy Integration
- Modular Design for Flexible Expansion

On July 10, 2021, China's first tens of millions of kilowatt-level "wind and solar storage and transmission" multi-energy complementary integrated energy base-Huaneng Longdong Energy Base held a launching ceremony in Qingyang, ???

The Laboratory has signed an agreement with the Clean Energy Research Institute in China to conduct joint research and development of clean energy technologies. The Clean Energy Research Institute was formed by ???

With an installed capacity of 250,000 kilowatts, the project features a 50 megawatts/200 megawatt-hours energy storage system, making it the largest solar and energy storage project in Xizang to date.
