AMPYR and Shell Energy to jointly develop, own and operate a 500 MW / 1,000 MWh battery energy storage system in Wellington, New South Wales. AMPYR Australia Pty Ltd (AMPYR) and Shell Energy Australia (Shell Energy) have signed a joint development agreement for a proposed battery energy storage system strategically located in Wellington ???

Anders is director of "distributed energy solutions" for Alectra, a utility company serving 17 communities, including Rockwood and Guelph. Together with U.S.-based Convergent Energy and Power, Alectra is pitching the community and Centre Wellington on a battery storage facility proposed on 13 acres of rural property along Wellington Road 18.

In Belwood, another independent power producer, Alectra Energy Solutions is also looking to build a battery storage facility but Janet Harrop, the past president of the Wellington Federation of Agriculture, claims this poses a risk for fires and is not feasible given the volunteer firefighter model in Centre Wellington.

[Sydney, 14 October 2022] AMPYR Australia Pty Ltd (AMPYR) and Shell Energy Australia (Shell Energy) have signed a joint development agreement for a proposed battery energy storage system strategically located in Wellington (the Wellington BESS), Central West New South Wales (NSW). The target capacity of the Wellington BESS is 500 MW / 1,000 MWh, making [???

AMPYR proposes to develop the Wellington Battery Energy Storage System. The project consists of a battery energy storage system (BESS) with a capacity of 500 megawatts (MW) and up to 1,000 megawatt-hours (MWh), with associated infrastructure. The project will connect to the Wellington TransGrid substation via a 330-kilovolt (kV) overhead or
