About JA Solar. JA Solar is a manufacturer of high-performance photovoltaic products. With multiple manufacturing bases and 13 sales subsidiaries around the world, the company's business covers silicon wafers, cells, modules and PV power stations. JA Solar products are available in 165 countries and regions.

JA Solar Panel Costs. JA solar panel pricing is competitive with many other manufacturers offering similar products. In many cases, JA solar panels cost less than others for the same power output. A JA 585W solar panel, for instance, costs around ₹90 ??? ₹40 less than solar panels with similar output from other manufacturers.

JA Solar reported outstanding results for the first half of 2023, shipping 23.95 GW of modules and generating revenue of 40.8 CNY billion and net profit of 4.8 CNY billion. Looking back at previous semi-annual reports, module shipments reached an all-time high this year.

At JA Solar we specialize in multi-form photovoltaic (PV) power plants, including conventional centralized PV power plants, Agri Voltaics, Floating Solar PV power plants, and and other forms. Additionally, we offer multi-energy power plants with wind and solar storage, source-grid-load-storage integrated power plants, and other innovative energy solutions.

As an industry leader, JA was recognised as the top Solar PV Module Manufacturer in Wood Mackenzie's 2023 ranking. Aware of the importance of a responsible supply chain, JA Solar has developed a comprehensive, badged Integrated Traceable System covering all aspects, from supplier management to post-delivery. JA Integrated Traceability System.
