Both parties have agreed to cooperate on the New Intelligent Independent Energy Storage Project in Meizhou Pingyuan (short as the Meizhou Project), which is listed in Guangdong Province's a?|

LEBANON ZHONGYUAN ENERGY STORAGE

Sungrow's PV inverters and integrated energy storage solutions will enable efficient and reliable energy supply, minimizing reliance on expensive fossil fuels. The projects are set to be commissioned in Q4 2023, paving the way for a sustainable future.

Global PV inverter manufacturer and energy storage solutions provider Sungrow will supply equipment including battery storage to eight solar microgrid projects in Lebanon. Sungrow has signed deals with undisclosed partners.

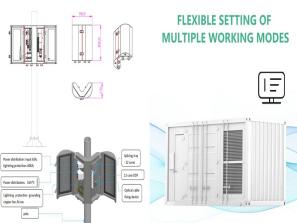

Yet the current energy crisis offers Lebanon a unique opportunity to embrace a new energy model and to leapfrog into the Green Energy Revolution. We must rapidly reconsider how we produce, deliver and consume energy and develop a sustainable future.

The Zhongyuan gas storage group is located between Henan and East China's Shandong Province. Sinopec also mentioned two more natural gas storages will be finished before the end of 2021 and will

14. Naifeng Jing, Taozhong Li, Zhongyuan Zhao, Wei Jin, Yanan Sun, Weifeng He and Zhigang Mao, "Enabling In-Situ Logic-In-Memory Capability Using Resistive-RAM Crossbar Memory", in Proceeding of the International Conference on Computing, Communications and Control.

Lebanon is undergoing a major energy transformation, with commercial & industrial (C& I) energy storage emerging as a powerful solution to combat chronic power outages, rising energy costs, and environmental concerns.
