

LONDON POWER STORAGE MANUFACTURER PHONE NUMBER

Who is London power? London Power is an electricity and gas supply company in the United Kingdom, launched in 2019 by Sadiq Khan, Mayor of London, which only accepts customers at London addresses. The company was established in July 2019 and began trading in January 2020. It is a wholly owned subsidiary of the Greater London Authority.

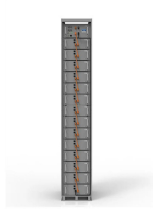

Is London power a good company? London Power makes it easy for you to get a great deal and provides brilliant customer service from Londoners who care. That's why London Power is powered by Octopus Energy, highly rated on TrustPilot for customer service. We think energy should be priced fairly, so you pay what it costs to provide without lining shareholders' pockets.

Why should you choose London power? With London Power, all the electricity you use will be matched with power generated from renewable sources like the sun and the wind. We are delighted to now also offer great value plans that include carbon offsetting for all the gas you use for an even greener footprint. With London Power, green and affordable energy go hand in hand.

5+* to James Smith at London Power??? 5+* to James Smith at London Power (parent Co. - Octopus) who explained explained all my bill, the current price cap and referred me to the Martin Lewis site. LP customer service is very good even if they do hide their telephone number away in small type on the bill.
