

MULTIFUNCTIONAL ENERGY STORAGE DESK LAMP

What are the benefits of a desk lamp? A desk lamp specifically a task lamp that lets you control the light distribution on your desk offers benefits that can affect not just your mood but your health as well. A benefit of job-specific lighting: Having an adjustable lamp in your workspace reduces the contrast between the object you are focused on and the surrounding area.

What are the different types of desk lamps? Desk lamps come in all shapes and sizes, with many catering to specific workplace needs. Examples include storage-clad desk lamps, after-hours reading desk lamps, space-saving clamp lamps and, yes, desk lamps with built-in wireless phone chargers. Get your workspace in order with a desk lamp that reflects your style and serves your needs.

Which IKEA desk lamp should I buy? If you want classic looks and don't mind reduced adjustability: The IKEA Hektar Work Lamp could be a good choice. This tall, architect-style lamp with a chic brushed-metal finish is one of the retailer's most popular desk lamps, and it features modern conveniences like wireless charging and a USB port.

What is a double desk lamp? The double desk lamp draws inspiration from midcentury design with two curved brass arms that end with contrasting-black conical shades. The circular base wears the same inky hue for a visually balanced, symmetrical design. Snag this handsome duo to brighten your modern, contemporary or eclectic workspace.

Why should you buy a minimalist desk lamp? This minimalist desk lamp provides a soft, glare-free adjustable light, and when it senses no one is around, it shuts off automatically to save energy. Get this if: You want a soft, glare-free, uniform light source that doesn't tire the eyes and can double as serviceable video-conference lighting.

MULTIFUNCTIONAL ENERGY STORAGE DESK LAMP

How big is the 360 lighting swing arm led desk lamp? The 360 Lighting Slimline Swing Arm LED Desk Lamp is a simple lamp with two standout features: an AC outlet and a USB port in the large, heavy base, both of which are handy when you don't want to reach under your desk to plug something in. However, the base is too large: 2 inches tall, compared with the other lamps' 0.5-inch to 1-inch base heights.
