

# NORTH MACEDONIA SOLAR PANELS AND BATTERY STORAGE

The national transmission and distribution system operators in North Macedonia wouldn't be allowed to build battery stations for commercial purposes unless no other entity is interested. Companies from Croatia and Italy have lately shown interest in building standalone battery energy storage systems (BESS), Bloomberg Adria reported.

Bulgaria's call for standalone energy storage is 4.3 times oversubscribed. 09 December 2024 - Developers in Bulgaria applied for 4.3 times more in grants for standalone energy storage than the budget. Funding is uncertain, though.

Mey Energy recently completed a 55 MW photovoltaic facility in Novaci, North Macedonia - the biggest solar power plant in the Western Balkans. Spanning 57 hectares and using 101,000 panels, it will produce 85 GWh of electricity annually, serving up to 30,000 households and enabling a transition away from coal. Larger solar power plants are in ???

From 1 February 2024, you won't pay any VAT on batteries for solar panels (previously you had to pay 20% VAT, unless you bought it as part of a solar panel system). So now you can install a standalone energy storage battery or add one to your existing solar PV system, and you'll pay 0% VAT. From 1 April 2027, this is set to increase to 20% VAT.
