# PHOTOVOLTAIC BRACKET FACTORY

## PUNCH PRESS OPERATOR

Item YX41-41. Solar bracket roll forming machine for producing solar industry support using bracket. Solar bracket application. Solar bracket allows the components to be angled according to different regions, so that the local solar energy resources can be fully utilized to achieve the maximum power generation efficiency of the solar modules.

393 Punch Press Operator jobs available on Indeed . Apply to Press Operator, Machine Operator, Operator and more! Skip to main content. Home. Company reviews. - Experience in welding, machining, or working in a factory setting is advantageous. Job Type: Full-time. Pay: \$22.80 - \$26.03 per hour. Ability to Commute: Mason City, IA 50401

Our company is located in the state-level development zone, beside the beautiful Taihu Lake. The factory is divided into extrusion aluminum manufacturing and photovoltaic bracket, solar energy frame finishing products. Three factories manufacturing solar products covering a total area of 100,000 square meters.

Solar photovoltaic bracket rollformer, use PLC centralized control the whole lines uncoiling, leveling & feeding, punching at set length, roll forming, following cutting and discharging. Many ???

Punch first and then form. Production line staffing. An automatic line is equipped with 2 people. Total length of equipment (length\*width) About 52m\*4m. Total equipment power. About 125kw ???
