What is PV bracket industry chain? complete PV bracket industry chain of high-end raw material manufacturing Won the first place in China PV mounting enterprise for five consecutive years With more than 1,700 employees worldwide This is the 800MW photovoltaic power generation project of China Resources Finance, Gold and Red Light Fishery.

How many production bases does solar power company have? The company operates threemajor production bases,encompassing nearly 50,000 square meters of production area. Its main business includes various photovoltaic fixed ground mounting structure,distributed mounting structure,tracking photovoltaic mounting structure,building mounting structure,and distributed power station development,etc.

Can versol mount a photovoltaic power station? Versol's V-Basic mounting system can be applied to photovoltaic power stationin different terrain and environment. The product range includes a wide range of models and styles,and is highly adaptable.

What is China's first ultra-high altitude photovoltaic demonstration base? In 2022,the first batch of power generation units of China's first ultra-high altitude photovoltaic demonstration base project - Sichuan Ganzi Xingchuan demonstration photovoltaic power station,broadcasted by Newswire,were connected to the grid,marking the official commissioning of the base. Come as promised.
