

PORTUGAL ENERGOS INFRASTRUCTURE

What is Energos infrastructure? New Fortress Energy (NFE) and Apollo have announced the creation of a new \$2bn liquefied natural gas (LNG) maritime platform called Energos Infrastructure. Formed as part of a previously announced joint venture (JV), Energos is the owner and operator of 11 LNG infrastructure vessels.

What infrastructure projects are coming to Portugal? Infrastructure projects are expected to be launched between 2001 and 2005, including additional roads, dams and ports, a new international airport (to be built at Ota, north of Lisbon), a new metro (subway) system at Oporto, modernization of the country railroad system, and an upgrade of the natural gas pipeline system.

Who owns Energos? Apollo-managed funds own a nearly 80% stake in Energos, while the remaining 20% stake is owned by NFE.
