In 2021, EP Systems released EPiC 1.0. It addressed some of the most prevalent roadblocks to advanced air mobility ??? including safety, cost, weight, and infrastructure. This lightweight, high-power system offers an impressive 60 minutes of usable flight time with 30 minutes of reserve. In 2024, EPiC 2.0 advances the concept even further.

It has a track record of enabling system communication through innovative integration among public sector and between public and private institutions. For instance, Tigersoft developed Tiger Application Programming Interface (TigerAPI) that integrates Central Bank of Rwanda and other Financial institutions.
