

SAUDI ARABIA SOLAR SET UP

The Renewables arm of Larsen & Toubro's Power Transmission & Distribution Business has bagged an order to set up Sudair solar power project of 1.5 GW in Riyadh province of Saudi Arabia. The company did not disclose the value of the contract, but said the orders fall under the "major" category, which ranges between Rs 5,000 crore and Rs 7,000 crore, ???

Saudi Arabia's ACWA Power has signed a non-binding Memorandum of Understanding (MoU) with state-owned Bangladesh Power Development Board (BPDB) to set up a 1000 MW solar power plant in Bangladesh.

Renewable Energy and Green Solutions: Denmark's leadership in wind, solar, and green hydrogen can directly support Saudi Arabia's push for sustainable energy production. Water Technology and Sustainability : Danish firms offering smart water management and desalination technologies have opportunities to address Saudi's water security goals.

The country also set ambitious targets in its National Renewable Energy Programme (NREP), part of Vision 2030. Under NREP, Saudi Arabia seeks to raise the share of renewable energy and gas to about 50% and reduce the use of liquid fuel in a bid to diversify the energy mix in power generation.

Saudi Arabia has set a target of producing 58.7 gigawatts of renewable energy by 2030, comprising 40 GW from solar PV, 16 GW from wind energy, and 2.7 GW from concentrated solar power (CSP) [6,7,8], as ???
