I have waited 8 months to write this review. Last year, I took two Jackery 240's and two 60-watt foldable Jackery panels to friends in Haiti. It was the most simple and efficient way I could think of to bring electricity and provide for the very basic need of charging cell phones and laptops, night time lighting, and powering a small fan on hot nights.

Whether you are working on a demolition site or road works, picking the right generator size is crucial for the effectiveness of your jackhammer. A small generator will not be able to meet the power needs of a ???
