

SRI LANKA XEROTECH BATTERY SYSTEMS

Who makes xerotech batteries? That challenge is what battery manufacturer Xerotech aims to solve. Based in Claregalway, in Ireland, it was founded by CEO Dr Barry Flannery in 2015, and the company now supplies packs to many off-highway EV OEMs.

What is xerotech (R)? Xerotech's patented technology, Xerotherm (R), is a game changer in battery system safety and performance, with a world-leading solution powering our thermal management and safety technology. Is it crazy to think you can change the world? We're doing something here that's never been done before.

Are xerotech batteries safe? Xerotech brings a multilayered approach to battery safety, ensuring our batteries are amongst the safest solutions available on the market today. Thermal propagation prevention and fire suppression are integrated as standard. Join us in reducing carbon footprints and driving progress towards a cleaner, more sustainable planet.

Does xerotech offer electrification of heavy-duty machinery? The electrification of heavy-duty machinery becomes available to every OEM and Integrator. Xerotech's patented technology, Xerotherm (R), is a game changer in battery system safety and performance, with a world-leading solution powering our thermal management and safety technology.

Are xerotech batteries undergoing public trials? Currently, Xerotech batteries are undergoing public trials within European mining and construction operations. This summer, the company says further trials will take place on battery-powered loaders, drilling jumbos and shotcrete spraying equipment.

SRI LANKA XEROTECH BATTERY SYSTEMS

Who makes xerotherm battery packs? Based in Claregalway, in Ireland, it was founded by CEO Dr Barry Flannery in 2015, and the company now supplies packs to many off-highway EV OEMs. Dr Flannery began engineering battery packs in the early 2010s, and invented a new form of active thermal management, which is patented as Xerotherm.

That's why we want to make it as easy as possible to find a bespoke battery pack to power your application. Simply use the navigation tool on the left to determine which batteries from our catalog fit your specifications, download the ???

Xerotech's scalable battery platform makes it an ideal candidate for powering such equipment and taking on what it is possibly the off-highway market's biggest challenge. Our world-leading safety solution is matched with ???

Technology company Xerotech has launched a modular battery platform, which could potentially be used across an entire range of electrically-powered construction equipment. Combining seven variants of modules with a ???

August 09, Colombo (LNW): Hayleys Solar, the leading player in Sri Lanka's renewable energy industry and the renewable energy arm of Hayleys Fentons, has completed a groundbreaking ???

Meet the disruptive battery technology that is powering the electrification of everything else. Xerotech's patented technology, Hibernium (R), represents a complete step-change in the safety and performance of battery ???

SRI LANKA XEROTECH BATTERY SYSTEMS

The platform allows you to select your preferred configuration of energy content, operating voltage range and even chemistry, without any non-recurring engineering charges. Added to this is our multi-pack functionality, allowing up ???

Battery pack manufacturer Xerotech has formed a partnership with Meta System ??? a Tier 1 supplier of automotive electronic systems ??? to help expand its offering and provide integrated battery systems to the NRMM ???

The risk of thermal propagation is virtually eliminated with Xerotech's proprietary module design by using a specially engineered fire-retardant structural foam. It's 85% lighter than solutions used by leading electric vehicle manufacturers.

Hibernium (R) is our off-the-shelf pre-engineered battery pack platform that requires no NRE and can be ordered in volumes as low as a single unit. Leadtimes for prototypes can be as little as several weeks for standard ???

Hundreds of sizes. Thousands of configurations Meet the disruptive battery technology that is powering the electrification of everything else. Xerotech's patented technology, Hibernium(R), ???

GALWAY, Ireland - April 4, 2023 ??? . Xerotech, a world leader in advanced battery systems for non-road mobile machinery applications, announced today that it plans to hire over 100 new ???
