Where is sunmate located? Sunmate is an Australian solar energy and solar panel installation company with branch offices in Sydney, Melbourne, Perth, Adelaide and Brisbane. 903/50 Clarence St, Sydney NSW 2000.

What's a good experience with sunmate solar? Sarah and Avi were very nice and polite. They helped us with various things. Sarah explained all the products to us very clearly and assisted us. She helped us connect the Wi-Fi and also assisted in resolving the inverter issue. I had a wonderful experience with Justin from SUNMATE Solar.

Why should you choose sunmate? Sunmate provides quality solar products with multiple brand options suitable for all residential systems. We have proven our high performance and lasting reliability in the field, where it matters the most. Be ahead of the curve! Strong performance ensures reliable returns.

If you're considering a solar diverter in the near future, the SunMate 3.0 might be worth a look. "The key objectives of the project have been to redevelop and advance the SunMate for current Australian conditions, manufacture the new SunMate PCB and a weather-proof housing unit that is easy to install," says AWS.
