# TOKELAU MK SOLAR ENERGY

However, the sources of energy that are traditionally used by the mankind, such as coal, petroleum etc. is coming to an end. That is why; the world needs to switch to the primary source of energy, where the entire animal kingdom or plant kingdom receives energy from, is the Sun. Utilizing the solar energy is the best way to fight this problem.

Target: 100% renewable energy; Status: Achieved; RES: 1MW off-grid solar energy system across three main atolls of Tokelau. The project includes : 4032 solar modules, 196 string inverters, 112 DC charge controllers, 84 battery inverters and 1344 batteries in 48V banks. The system allows for up to 2 days of energy without any solar input.

We cover a variety of topics, including solar panel installation, maintenance, repairs, and troubleshooting. At MK Solar Services, we are dedicated to providing top-tier solar energy solutions that promote sustainability and energy independence. Our mission is to help you harness the power of the sun to reduce your energy costs

When Tokelau decided to switch to renewable energy, people thought critically about the options. They decided that solar energy could be a cost-effective option well-suited to Tokelau's climate. Over four thousand solar panels were installed, making Tokelau the first nation in the world to convert to 100 percent renewable energy. Technology

MK Solar factory, located in FoShan GuangDong, 35,000m<sup>2</sup>, achieved ISO9001 and ISO14001. Annual production capacity over 5GWH, our products acheive international certificates like: CE, IEC62619, UL1973, UL9540, and so on, MK is the key member of CREC (China Renewable Energy Commission), we are the energy storage standard rules maker, our products are ???
