

TOP SOLAR COMPANY IN RWANDA

Is there a market for solar energy in Rwanda? Only few companies in Rwanda are active in the field of solar energy. They focus mainly on the market for larger systems for public institutions, e.g. hospitals, schools etc through public tenders. In addition they and others are also trying to sell solar home systems but the market for solar lanterns and small home systems is still in its infancy.

Is Rwanda a significant source of solar energy? Rwanda has a moderate source of solar energy, with an average solar radiation of 4 ??? 6 kWh per square meter per day. It has had a useful experience with the 250 kW Kigali solar project and solar water heaters. However, Rwanda's energy mix is currently dominated by biomass, which accounts for about 85% of primary energy use.

How much does a solar home system cost in Rwanda? Energy Private Developers (EPD) has currently registered over 40 solar companies who have invested in Solar Home System (SHS) business. SHS kits Capacities available on Rwandan market are those of 12W, 20W, 40W, 50W, 100W, 120W, 200W and 300W with average price per a kit of 67,678 Rwf.

How much electricity does Rwanda have in 2021? By May 2021, Rwanda's generation capacity installed is currently 238.052MW. 1,752,345 households have been connected to electricity where 1,278,601 households are on grid and 473,744 households connected to Off-grid mainly solar. Solar energy is a promising solution to meet the demand for rural households' electricity services in remote locations.

How many Rwandans are accessing electricity through off-grid solutions? As a result, today, 14% of Rwandan households are accessing electricity through off-grid solution, mostly solar home systems.
