

# WOTMA HUIJUE ENERGY STORAGE

Huijue Group was founded in 2002, is leading Base station energy storage Manufacturer in China, to provide customers with the optimal energy storage system solutions and safe and efficient storage full range of products, covering household energy storage system, industrial and commercial energy storage system and site energy storage system

Established in 2002, Huijue Group is a high-tech manufacturer specializing in intelligent network communication equipment. Renowned for its cutting-edge innovations in energy storage systems, the company aspires to lead the way in both communication and energy sectors.

Huijue's Industrial and Commercial Energy Storage for industrial, commercial & home use. Combining efficiency, safety, and scalability, it meets your power needs with optimized usage a?|

Huijue's Container Energy Storage for industrial, commercial & home use. Combining efficiency, safety, and scalability, it meets your power needs with optimized usage and real-time monitoring. Discover Huijue's Container Energy Storage products & solutions now.

Huijue's Industrial and Commercial BESS are robust, scalable systems tailored for businesses seeking reliable energy storage. Our solutions integrate seamlessly into large-scale operations, supporting critical infrastructure and maximizing energy efficiency. Huijue's BESS feature cutting-edge battery technology, modular design, and intelligent management systems, ensuring a?|

# WOTMA HUIJUE ENERGY STORAGE

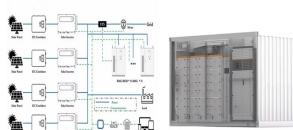

Founded in 2002, Huijue Group is a high-tech service provider integrating the integration and application of intelligent network equipment and intelligent energy storage equipment. Huijue Network products are exported to Europe, North America, Southeast Asia and other countries and regions, contact us now! - Huijue Group

Huijue Group's new generation energy storage inverter can meet the needs of photovoltaic and energy storage systems at the same time. It can not only realize grid-connected and off-grid functions, but also realize two-way control of electric energy. Intelligent control can achieve a high degree of autonomous dispatch of energy; touch screen It

Founded in 2002, Huijue Group is a high-tech service provider integrating the integration and application of intelligent network equipment and intelligent energy storage equipment. Huijue Network products are exported to Europe, North America, Southeast Asia and other countries and regions, contact us now! - Huijue Group

In terms of safety, Huijue Group's energy storage system features a comprehensive fire protection system designed to address potential risks promptly. Stringent quality controls and innovative design principles further ensure product consistency and high standards. The intelligent operation and maintenance system provides real-time monitoring

Founded in 2002, Huijue Group is a high-tech service provider integrating the integration and application of intelligent network equipment and intelligent energy storage equipment. Huijue Network products are exported to Europe, North America, Southeast Asia and other countries and regions, contact us now! - Huijue Group

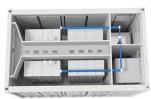

Founded in 2002, Huijue Group is a high-tech service provider integrating the integration and application of intelligent network equipment and intelligent energy storage equipment. Huijue Network products are exported to Europe, North America, Southeast Asia and other countries

and regions, contact us now! Model: HP10-Box5 household energy

# WOTMA HUIJUE ENERGY STORAGE

The Rock Battery can be connected in series on a single rack, making it ideal for both industrial and home energy storage solutions. all-in-one machine. Huijue Group, established in 2002, is a leading new energy battery product manufacturer and high-tech service provider in intelligent network communication equipment. With over 20 years of

Are Huijue's Containerized BESS scalable to meet growing energy storage needs? Yes, Huijue's Containerized BESS are designed to be scalable. The modular nature of the containers allows for easy expansion, enabling customers to start with a smaller system and add additional containers as their energy storage needs grow. This flexibility ensures

Established in 2002, Huijue Group is a high-tech manufacturer specializing in intelligent network communication equipment. Renowned for its cutting-edge innovations in energy storage systems, the company aspires to lead the way in both communication and energy sectors.

Founded in 2002, Huijue Group is a high-tech service provider integrating the integration and application of intelligent network equipment and intelligent energy storage equipment. Huijue Network products are exported to Europe, North America, Southeast Asia and other countries and regions, contact us now! - Huijue Group

Combining efficiency, safety, and scalability, it meets your power needs with optimized usage and real-time monitoring. Discover Huijue's Smart New Energy products & solutions now.

# WOTMA HUIJUE ENERGY STORAGE

Huijue Group's container energy storage is composed of 10/20/40-foot prefabricated cabins. It is a kind of energy storage battery system, energy management system, monitoring system, temperature control system and fire protection system that meets megawatt power output requirements. System-in-one energy storage device.

Huijue's Smart New Energy for industrial, commercial & home use. Combining efficiency, safety, and scalability, it meets your power needs with optimized usage and real-time monitoring. HJ-HSH48 Series Household Energy Storage And Inverter All-In-One S. HJ-HBL48 Series Rack-Mounted Lithium Battery. HJ-SM Series Solar Module(Monocrystalline)

Shanghai Huijue Network Communication Equipment Co., Ltd. (Huijue Group) was established in 2002 as a high-tech service manufacturer specializing in intelligent network communication equipment and a leading innovator in energy storage systems. The company is dedicated to becoming a leader in the communication and energy sectors.

Founded in 2002, Huijue Group is a high-tech service provider integrating the integration and application of intelligent network equipment and intelligent energy storage equipment.
